

24/7 CHAIR

Axia[®] Focus 24

The Axia Focus 24/7 combines elegance with robustness, and thanks to the extremely solid construction, it is ideally suited for 24/7 workstations. This chair meets all ergonomic and strength requirements and offers a high degree of comfort.

Additional to standard Axia features the Axia Focus 24/7 offers an easily adjusted pelvis support to suit personal requirements, it follows the movement of the back so that the pelvis is supported at all times.

The optional headrest is easy to adjust and the additional headrest protection covers can be removed to allow washing.
