

# TASK EXECUTIVE

## Ensemble

Ensemble has been designed with an easy “click” system, which enables quick and simple assembly without the need for tools. This saves time during production, easy shipping and storage or even allows customers to build their chair.

High quality materials allows for a long product life cycle with a warranty of 10 years. At the end its useful life, Ensemble can be returned to the factory, free of charge. In some cases we can even offer a buy back scheme.

Ensemble is available in two colour with a range of ergonomic options and accessories.
