

TABLES

Milo

Milo coffee table range features three sizes of table tops which mirror the soft shapes of the Milo sofa collection. Choose between a square or rectangular table top with rounded corners or a round table top. All tops have a High Pressure Laminate (HPL) finish, available as standard in beech, white and black, with a polished MDF edge. The range features either a single column steel base which reflects the shape of the table top or a tapered solid beech leg matching the sofa legs.
